

Ecological and Spiritual Sustainability

One of the prophetic issues I would like to cover more is Earth Changes. Now many of you may not know this but for years I had a very popular Earth Changes blog. It was my one of my most popular pages I would post the latest earthquake news, Volcano's and other interesting earth related news. I had to let it go because the site was getting to be too much and I had people who posted a couple of things on it and then later asked me to pull them down. I have had the same thing happen to many others who wrote prophetic pieces. Then they wanted to get a job working in the government and they asked me to pull down their work so Uncle Sam wouldn't know they were a Christian with a prophetic gift. That kind of stuff gets old and I had to refocus my efforts. I still toy with the idea of resurrecting that page, but there are so many others that are doing a pretty good job. I just don't think it's needed.

But anyone who reads the book of Revelation is going to come away with one thing - the earth will undergo massive and very negative changes just before the Lord returns. The Apocalypse talks about everything from earthquakes, lethal solar activity, a time when the wind stops blowing, hail, fire, horrific pestilences. To miss these things in scripture is to miss a key part of God's prophetic word.

While there are not many events that have transpired that can be of true 'biblical' proportions, I can think of one, perhaps two that are close. The first is what is happening to the Pacific Ocean as a result of the Tsunami. The news is grim and getting worse. There are whole sections around the Nuclear plant are now essentially [dead zones](#). Now we have known this for some time via alternative media. But the scientific evidence was carefully hidden from all of us by virtue of the US government and its subservient governments world wide. They knew just how bad this was and was ***and is going to be***. This is not quite an extinction level event, but as the years pass we will see more and more fish die off and unusual anomalies in our oceans. Why are the fish off the West Coast dying off. It's [not hard to figure](#).

This effects all of us. Why is it that we have to essentially get a leaked government map in order to find out just what is happening along our west coast? The [government has known](#) how bad this was and just now [someone posted the levels of radiation along the coast](#). This is just wrong. But why is this?

Because of the Nuclear Power industry. They don't want the world to associate Nuclear Power with the disaster that is starting to unfold in the world's oceans. Again, I say to you - find out the **who's** on things. Who is [this guy](#)? And who [Designed the plants at Fukushima](#)? More [here](#). Why is Obama [giving him a pass on this](#)? Listen, I know I have told you about these things before. But I don't think I have ever lined it up with this specific prophecy before.

*And the nations were angry, and thy wrath is come, and the time of the dead, that they should be judged, and that thou shouldst give reward unto thy servants the prophets, and to the saints, and them that fear thy name, small and great; **and shouldst destroy them which destroy the earth.***
(Rev 11:18)

The Lord is **not** indifferent to mankind's destruction of nature. He is very angry about it. He knows of the enormous devastation to the fish in the ocean. God cares even about the dolphins, minnow, starfish and coral. He does not take kindly to mankind's wanton destruction of the planet. While I don't think it wise for Christians to join every media concocted environmental cause, we should always remember that God placed man as a steward over creation to nurture not destroy. What our government has done with the ocean is reprehensible, but the truth about this disaster has been edited out of the global narrative over Fukushima.

Yes, Fukushima is going to be with us for as long as anyone reading this lives. But that is not the only major issue the world is facing. The [lack of water is a very serious problem](#) in some parts of the world.

While in the book of Revelation there is little mention of a water crisis, the world today is indeed facing one. It is one of those things that does not make headlines, but the fact is, in many parts of the world, water is becoming a very scarce resource.

This report was prepared by UNESCO [2015 Water Report](#).

Those of you who are looking for an infographic, they have [a great one here](#). Water may not be an issue that is in your headlines, but it will one day hit your tap water as it is doing now in California. But I think God is sending this nation here a message. What was once a land of plenty with blessings and hardly ever any real lack, now we are facing real problems that may be beyond our ability to solve. Drought is one of those things. But the long term effect of certain GMO's and agricultural products may be the cause of other more intractable problems (from [health](#) to the destruction of farmland). But for those of us who know our God. Let me tell you even in drought the Lord will be with his people. I am reminded of this passage in Isaiah.

*Then shalt thou call, and the LORD shall answer; thou shalt cry, and he shall say, Here I am. If thou take away from the midst of thee the yoke, the putting forth of the finger, and speaking vanity; And if thou draw out thy soul to the hungry, and satisfy the afflicted soul; **then shall thy light rise in obscurity, and thy darkness be as the noonday:** And the LORD shall guide thee continually, **and satisfy thy soul in drought**, and make fat thy bones: and thou shalt be like a watered garden, and like a spring of water, whose waters fail not.
(Isa 58:9-11)*

The Lord gives us the way we can avoid the terrors of drought. We must loosen the burdens of others, extend a helping hand and stop pointing fingers. While this passage does not say it, I would say that is particularly true when we point the accusing finger at the poor man or the one who has a major burden. Take a look at Isaiah again.

*Is not this the fast that I have chosen? to loose the bands of wickedness, to undo the heavy burdens, and to let the oppressed go free, and that ye break every yoke?
(Isa 58:6)*

The Lord wanted those in bondage to go free. He wants us to stop pointing out the sins of our neighbors in accusation and look to our own selves (pointing of the finger) and to stop speaking lies. The Lord wants us to have mercy on the hungry and downtrodden and show kindness to those whom the world has forgotten. But to the degree that America has shown a deep contempt for the poor man, driving him out of his cities, tearing down their homeless camps and drawing up city ordinances against the poor man, I can tell you that God has seen it.

Now of course God also sees the hard work and charity of those who work in shelters and do advocate for the less fortunate. But there is a spirit that seems to have taken over so much of America today that just seems to not care about what has happened to so many people [who have slipped into poverty](#) since the crisis of 2008. Instead from our leaders we get political poppycock that says they don't want to work or hateful political spin that the 'haves' are all too ready to swallow so they can remain in their own little comfort zones. The coldness that I see is making America ripe. Ripe for...

A Curse

Brothers, when God puts a curse on a people or nation, he is showing deep divine displeasure. In the last days there is a curse that goes forth over the whole earth and it is intimately associated with Babylon. Let us take a look at Zechariah, for here he describes this thing.

*And he said unto me, What seest thou? And I answered, I see a flying roll; the length thereof is twenty cubits, and the breadth thereof ten cubits. Then said he unto me, **This is the curse that goeth forth over the face of the whole earth: for every one that stealeth shall be cut off as on this side according to it; and every one that sweareth shall be cut off as on that side according to it. I will bring it forth, saith the LORD of hosts, and it shall enter into the house of the thief, and into the house of him that sweareth falsely by my***

name: and it shall remain in the midst of his house, and shall consume it with the timber thereof and the stones thereof.

*Then the angel that talked with me went forth, and said unto me, Lift up now thine eyes, and see what is this that goeth forth. And I said, What is it? And he said, This is an ephah that goeth forth. He said moreover, This is their resemblance through all the earth. And, behold, there was lifted up a talent of lead: and this is **a woman that sitteth in the midst of the ephah**. And he said, **This is wickedness**. And he cast it into the midst of the ephah; and he cast the weight of lead upon the mouth thereof. Then lifted I up mine eyes, and looked, and, behold, there came out two women, and the wind was in their wings; for they had wings like the wings of a stork: and they lifted up the ephah between the earth and the heaven. Then said I to the angel that talked with me, Whither do these bear the ephah? And he said unto me, To build it an house **in the land of Shinar**: and it shall be established, and set there upon her own base.
(Zec 5:2-11)*

First we see that there is a curse that goes for over the whole earth. The curse of against the thief, the person who swears false oaths in the Lord's name. The Curse shall remain in that house and it shall consume it.

You know, we Christians don't like to talk about curses. But those who persist in great wickedness are going to go under one. God has not changed and he will not change. Now he is not big into cursing people but you know what? If a people make a point in ignoring him, his ways and consistently do evil, he is not beyond cursing them. Many people won't want to hear this but it needs to be said.

America cannot continue on the path she is on. It is not just economically and politically unsustainable, it is SPIRITUALLY unsustainable. God will not continue to allow America to drone the poorest people on earth when they don't even know their names because they think there may be a terrorist nearby. He will not continue to allow children to be maimed by these hellish weapons used on the world's poorest. God see's these things. He hears the cries of the people who have lost loved ones. He has seen the cries of his own people in Mesopotamia who are the victims of American policy. America's cup of iniquity is rising to the brim. God will not leave America's wickedness unanswered. I wonder how many of you have read A.A. Allen's prophecy for America? If you have not you should and even if you have read it, you should [read it again](#).

God has given this once great nation plenty of time to repent, plenty of time to seek peace rather than war, to help the helpless and to no longer let theft, fraud, lies, hate, and violence guide her policies. **We could do so much better**. But like so many empires the past, we let our money, pleasures and entertainments get in the way of righteousness and truth. We no longer wanted to deal with either if we thought they might pull us out of our little comfort zones. Americans, I hate to say it are soft, lazy, are too often intellectually dishonest and terminally selfish. These are broad generalizations, I know, but they fit the basic 'spirit' of 21st Century America. They are doped up on happy pills (aka anti-

depressants) drunk, or stoned. They often are utterly divorced from reality as they sit before a Television that tells them lies and disorients them from the realities around them.

All of these things appear to be coming to a head. Our debt, the coming economic warfare against us - I hope you get a real good chance to read this one because [this could happen](#). While it may not bring down the whole system, it will cause so much trouble that our world as we know it in the west would effectively end.

This is a war and with war **the stakes are enormous**. The US pulled out its guns and fired a blow at Russia with those sanctions and the Ukraine Coup. Russia is not defenseless. What we as nation need to do is to look ourselves squarely in the face and ask ourselves what has happened to us as a people and nation that we feel the need to wreck havoc with someone else's nation and that is somehow a divine right of America? Something horrible has happened to the spiritual state of this nation and a people who are too apathetic to care.

Brothers, I write these things today in this rather meandering post because I feel something large is looming on the horizon. I think it will be a game changer for America and her lifestyle. It is my hope that what is coming is chastisement and not final judgment, but whatever it is, I think it could be very painful. So please keep yourselves prayed up as well as all of those who walk with Christ.

But this is **not** the time for God's true flock to worry because *God has all of these things in control*. He knows the end from the beginning. Nothing is news to him and he is never caught off guard. So this post is not said to panic or frighten any saint who loves our Lord, but to keep us sober in these times knowing that we live in a world where men who know not God run its power centers. Let us not live like the world but live as saints who are called out of it. As the Apostle made plain.

*Wherefore gird up the loins of your mind, be sober, and hope to the end for the grace that is to be brought unto you at the revelation of Jesus Christ; As obedient children, not fashioning yourselves according to the former lusts in your ignorance: But as he which hath called you is holy, so be ye holy in all manner of conversation; Because it is written, Be ye holy; for I am holy.
(1Pe 1:13-16)*

God's grace be upon all of you in Christ Jesus and may God prosper each of you even in times of trouble and upheaval!

Brother Mark
